July 5, 2024

## **SECOND URGENT ANNOUNCEMENT**

Attention Residents,

Starting from July 8, 2024 through July 20, 2024, the Property Owner's Association will undertake a comprehensive project of our community roadways. Parking on grass and other designated areas will be permitted without incurring any violations or towing. Each phase will take three days to complete. **Failure to relocate your vehicle during the designated phase will result in a \$50 towing re-location fee at your expense. If a vehicle tag is expired, the vehicle will be towed off the property at the normal towing rate.**

Please refer to the **map and dates** for your designated area. We regret any inconvenience this may cause. **Please note that the project schedule is contingent on weather conditions and may be subject to alterations.**
